

Red Chilli 3 Day Murchison Safari – Falls & Game

Murchison Falls National Park is Uganda's oldest and largest conservation area, covering an area of 3,840 Km² and home to over 451 bird species (including the highly sought after and rare shoebill stork) and 76 different mammal species, including giraffe (which cannot be viewed in Queen Elizabeth National Park). Other game sightings regularly include lion, elephant, hippo, leopard, buffalo, hyena, warthog and various antelope. Arguably the highlight of this trip is the mighty River Nile, which bisects the park and is forced through an 8m² wide cleft in the rock at Murchison Falls, plunging into the Devil's Cauldron below. This is Red Chilli's signature tour and is highly popular, with scheduled departures every other day. Perfect for those looking for a classic safari experience on a budget!

- 14.00 Arrive at the Top of the Falls, where you may take your packed lunch if you have not already enjoyed it en route! Take a guided walk around the thunderous Murchison Falls, with an optional mini-hike to view the sister falls, Uhuru, which was created in 1962 when the river burst its banks.
